small
businesses are
changing the
world.

for good.

every day, a
whopping
13,000 new
businesses are
founded in the
u.s alone.

here are some businesses worth getting excited about.

good vibes supply is on a mission to discover and spread the word about the best new products from responsible business owners, because we believe today's entrepreneurs will be the ones who build a better future

one

fresh

cookie

one fresh cookie is a vegan cookie company out of Los Angeles. they believe that cookies are for the everyday. they also believe in access, which is why 1% of all profits goes to underserved youth.

säti

säti was created on the principle that soda doesn't need to be bad for you. it doesn't need to be bad for the world either, because 1% of all sales are donated to conscious planet to provide meals for the underserved.

mōdica

mōdica came out of an exhaustion with toxins being put into drinks and the earth. thus the superfood mixer was born.

baba and rio is a sustainable shop for bohemian gifts. they focus on low waste wooden beading.

bâba and rio

resist was founded by two women with hormone and blood sugar imbalances. they aim to make it easy for people to eat good food while taking care of your body and the earth.
